

## **Interstate 64 Capacity Improvements – Segment III York County**

**Citizen Information Meeting**

**Wednesday, June 27, 2018, 5 p.m. to 7 p.m.**

**Bruton High School**

**185 East Rochambeau Drive, Williamsburg, VA 23188**

**Come and see** the current project plans for capacity improvements on I-64 Segment III in York County before construction begins this summer. The purpose of this project is to extend the three-lane section of I-64 from approximately 1.15 miles west of Route 199, Lightfoot (Exit 234) to 1.05 miles west of Route 199, Humelsine Parkway/Marquis Center Parkway (Exit 242). Improvements include pavement reconstruction of existing lanes and an additional 12-foot-wide travel lane and 12-foot-wide shoulders in each direction. Work also includes the repair and widening of four bridges, three major culverts and the replacement of the two Queens Creek bridges.

Design-build contractor, Shirley Contracting Company along with VDOT representatives will share projected traffic impacts, the proposed limits of clearing, the stormwater management design and improvements, and preliminary results of the Final Noise Analysis. The meeting will be held in an open-house style format with no formal presentation given.
