Find out about plans to upgrade the Boundary Channel Drive at I-395 interchange. Improvements include reducing Boundary Channel Drive from four lanes to two in order to construct a ten-foot-wide sidewalk along eastbound Boundary Channel Drive and a ten-foot-wide shared-use path along westbound Boundary Channel Drive. The project also includes new roundabouts on Boundary Channel Drive just west and east of I-395 to improve safety and traffic flow, reconfiguring the ramps between I-395 and Boundary Channel Drive, and new crosswalks along Boundary Channel Drive. The project also features a new shared-use path linking the Mount Vernon Trail to Long Bridge Park. This project will involve changes and/or breaks in limited access control.

The hearing will be held as a **virtual/online meeting**. Information for accessing and participating in the meeting will be posted on the project website (**www.virginiadot.org/BoundaryChannel**). The VDOT project team will make a short presentation beginning at 7 p.m. and answer questions for about an hour after the presentation.
