## **BARBERRY LANE TO PERMANENTLY CLOSE ON HOLLAND ROAD CONNECTION PROJECT**

*Road to close Thursday, Feb. 18*

**VIRGINIA BEACH**— The Virginia Department of Transportation (VDOT) will permanently close Barberry Lane beginning Thursday, Feb. 18 at 9:00 a.m. The closure is part of the new Holland Road Connection Project.

Motorists will have several options to access Holland Road and Dam Neck Road: Southbound traffic can take Winterberry Lane and Damascus Trail to Holland Road. Northbound traffic can use Monet Drive and Dam Neck Road to reach Holland Road.

As construction moves along the corridor from Dam Neck Road to Nimmo Parkway, traffic shifts will occur as sections of temporary and new pavement are completed. Lane closures, when necessary, will only occur during off-peak hours, 9 a.m. to 3 p.m. Crews will work Monday through Friday from 7 a.m. until 4 p.m., weather conditions permitting.

Motorists are advised that the reduced 35 mph speed limit remains in effect throughout the work zone, and to drive with caution when traveling in the construction area.

The Holland Road Connection Project has been underway since the spring of 2015 and is scheduled for completion in October 2017. The project spans 2.5 miles and will increase road capacity from the existing two-lane road to a new four-lane divided roadway connecting Dam Neck Road to Nimmo Parkway.

Access to adjacent neighborhoods and businesses will remain throughout the life of the project. To learn more, please visit <http://www.virginiadot.org/hollandroad>.

Motorists are advised to plan their commute by using VDOT's free traffic information tools:

- [Download](#) the 511 smartphone app
- Visit the [511 Virginia](#) website or dial 511 for traffic information on your phone
- Listen to Highway Advisory Radio (HAR) 1680AM
- Call the Traffic Line at 757-361-3016
