EXTENDED CLOSURE PLANNED ON ROUTE 662 FOR BRIDGE REPLACEMENT

A signed detour will be in place

ISLE OF WIGHT COUNTY—
Starting early June 26, crews will close Route 662 (Whippingham Parkway) in order to replace the bridge over Ragged Island Creek. That closure is expected to last through November, and a signed detour will be in place.

All homeowners will have access to their homes from either Route 17 or Channell Way (Route 663).

Crews will be replacing two pre-existing box culverts with a two-lane bridge.
