INTERSECTION IMPROVEMENTS PROJECT BEGINNING AT MOUNTAIN AND ASHLAND ROADS IN HANOVER

Improvements include new turn lanes and traffic signal upgrades

HANOVER — Weather permitting, the Virginia Department of Transportation (VDOT) will begin work on a project to improve the intersection of Mountain Road (Route 33) and Ashland Road (Route 623) in Hanover County on Monday, August 14.

Construction includes the addition of four left turn lanes to each leg of the intersection and traffic signal upgrades. Minimal overnight traffic impacts are expected.

The work is expected to be complete by winter 2018.
