

ProjectWise Training Webinars For Falcon Web and IPM Users

We are approaching the end of the Falcon to ProjectWise migration. By the end of this week UPC folders for the all Districts, Consultants, Central Office, Current Drawings, and Archive Environments will have been migrated from Falcon to ProjectWise. However, several very large and key environments remain. Please review the migration schedule below and prepare for outages and down time on these Environments.

- **Plan File Room - (Right of Way, Road, and Bridge Plan File Rooms) - Will be not be accessible May 24 through May 30.**
The expectation is to have all Plan File Rooms accessible in ProjectWise by the morning of May 31.
- **Central Office - (Non UPC folders) - May 21**
- **Capital Outlay - May 22**
- **Professional Services - (EOI submissions) - May 30**
- **Construction Advertisement Bulletin Board - (Links to Proposals, PDF Plans, & CADD File Sets) - June 12**

Additional Webinars have been added.
