

Special Advertisement

MAY 7, 2009

Economic Stimulus Package

The American Recovery and Reinvestment Act of 2009

This is a special advertisement of projects that are funded under the American Recovery and Reinvestment Act of 2009 (ARRA). Since these projects are federally funded, they contain all the regular provisions that normally accompany a federal project. In addition there will be some additional monthly reporting required of the contractor. Please read the attached Special Provision carefully to ensure that you understand your obligations should you be awarded one of these special funded projects. The prime contractor will also be responsible for reporting the work of all subcontractors. It is therefore suggested that each subcontract contains the necessary controls to ensure subcontractors report the required information in a timely manner.

Bids to be received on a Special Letting Date of Thursday, May 28, 2009

ARRA PROJECT REQUIREMENTS – The Contractor is advised this project has been identified by the Department for advertisement, award and construction subject to criteria and conditions established under the American Recovery and Reinvestment Act of 2009 (ARRA). Standard Special Provisions and Special Provision Copied Notes used for federal-aid projects will remain the same under this Act with additional requirements as stated herein after.

The following additional requirements will apply to all projects receiving federal funding under the American Recovery and Reinvestment Act of 2009 (ARRA).

The prime Contractor will be required to submit via electronic media (supplied by the Department), the total number of company\firm employees used on the job site, in the project office, in the home office, or teleworked from an alternate location, the number of hours they worked, and the payroll of all persons who performed work on this project for each month of project duration. Payroll includes only wages, and does not include overhead or indirect costs. The prime Contractor also will be required to report the same information stated above with regard to the work performed by all subcontractors used on the job site, in the project office, in the home office, or teleworked from an alternate location, regardless of tier, during the month. This requirement does not apply to material suppliers. The Contractor will be required to file this report, as directed by the Department, no later than the 10th of each month.

The reporting criteria will be mandatory upon the Contractor and any subcontractors and must be accomplished within the timeframe(s) and to the full extent requested. Incomplete reporting of requested information will not be tolerated and will be interpreted as failure to meet the requirements of this provision and, therefore, subject to the sanctions contained herein. Failure to meet these requirements will result in the Contractor being disqualified from bidding on any future contracts for a period of 6 months in accordance with the provisions of Section 102.08 of the Specifications and any other remedy applicable and available under law.

Section 902 of the American Recovery and Reinvestment Act (ARRA) of 2009 provides the U.S. Comptroller General and his representatives with the authority to:

- (1) to examine any records of the Contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract; and
- (2) to interview any officer or employee of the Contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions.”

Accordingly, the Comptroller General and his representatives shall have the authority and rights as provided under Section 902 of the ARRA with respect to this contract, which is funded with funds made available under the ARRA. Section 902 further states that nothing in this section shall be interpreted to limit or restrict in any way any existing authority of the Comptroller General.

Additionally, Section 1515(a) of the ARRA provides authority for any representatives of the U.S. Inspector General to examine any records or interview any employee or officers working on this contract. The Contractor is advised that representatives of the Inspector General have the authority to examine any record and interview any employee or officer of the Contractor, its subcontractors or other firms working on this contract. Section 1515(b) further provides that nothing in this section shall be interpreted to limit or restrict in any way any existing authority of an Inspector General.
