

VDOT's Highway Contractor *Prequalified Conditional (PC) Level*

Your firm's prequalification documentation demonstrates that your firm is below the Department's desired standard in the area of quality and/or safety. This level of prequalification may also be considered for situations where a firm or its officers have previously filed for bankruptcy.

Firms that are Prequalified Conditional (PC) can be awarded/have under contract no more than one project at any given time. This contract will be limited to a maximum contract value of **\$1,000,000**.

The State Contract Engineer or their designee has the authority to waive this restriction on a project-by-project basis based on the firm's demonstration of evidence of *ability**. Such waiver must be obtained, in writing, by the firm prior to bidding on that project. A firm at this level of prequalification requires a minimum Prequalification Score of 70, a minimum average CPE Score of 75 and a minimum SIS of 60. Should the firm not improve to meet the Department's standards by their next prequalification renewal, the State Construction Engineer may administratively revoke the firm's prequalification privileges until the Department's standards are met.

Right to appeal

If your firm is not satisfied with the Prequalification Level assigned to your firm, it should **immediately** contact the Prequalification Office at 804-786-2938. If a firm would like to appeal, "The Prequalification Appeals Process" is located in the "Rules Governing Prequalification Privileges" on our website.

Expiration and renewal

Prequalification privileges are for a limited period of time. The **expiration** date is posted on your firm's listing on the "*Current Prequalified Highway Contractor's List*" on our webpage. New prequalification forms are due in the Prequalification Office prior to the first day of the expiration month.

By the anniversary of the first day of the expiration month the items listed in the "*Submission Guide*" will need to be submitted. If the firm does not renew at that time and a firm's prequalification has lapsed then the firm must begin their year cycle for prequalification with a submittal of a "*Prequalification Long Form Application.*" (C-32)

Below are the set months of expiration for firms name *starting* with the letter or if the firm has a formal person's name, the first letter of the last name.

1. January	A	2. February	B
3. March	C	4. April	D&E
5. May	F, G,&H	6. June	I, J, K,&L
