# SAFETY TRAINING

**VDOT  
Work Zone  
Traffic Control  
Training Program  
(WZTCTP)  
Second Quarter  
2012**

## HRUHCA's VDOT Work Zone Traffic Control Training Program (WZTCTP)

The Virginia Department of Transportation (VDOT) has established a mandatory Work Zone Traffic Safety Training Program (referred to by VDOT as the Work Zone Traffic Control Training Program or WZTCTP) based on Federal Highway Administration (FHWA) regulations provided in the Code of Federal Regulations (23 CFR 630 Subpart J) which states that:

“States (ie Virginia et.al.) shall require that personnel involved in the development, design, implementation, operation, inspection, and enforcement of work zone related transportation management and traffic control be trained, appropriated to the job decisions each individual is required to make.”

As of July 1, 2009, any employee of a heavy construction company who is responsible for work zone traffic control planning, design, implementation, inspection, and/or supervising the selection, placement, or maintenance of traffic control schemes and devices in work zones on the State Highway System is required to have this training.

There are three (3) levels of Work Zone Safety Training:

### Levels of Training

#### 1. Basic Training

This is a one-day “base” training course designed for VDOT maintenance managers, or private heavy construction workers or superintendents who have direct responsibility for the placement of work zone traffic controls and control devices.

#### 2. Intermediate Training

This is a two-day training course designed for construction supervisors (foremen, superintendents, and private engineers or hired consultants) responsible for on-site inspection and placement of traffic control devices around state highways.

#### 3. Advanced Training

This is an intensive 2-day course designed for construction safety managers, private design engineers, or other safety administrators who are responsible for designing safety work zones, drafting electronic work zone safety plans for projects, and VDOT Residency permit personnel involved in the approval of work zone permits.

### About Our Instructors

HRUHCA has entered into a partnership with SEVA Technical Services to provide our members and other safety professionals in the Hampton Roads area with the highest quality safety training available. SEVA CEO Chuck Welcher, MS, CSP, has a long and distinguished career as a safety professional.

SEVA Safety Training Director Dwight Blankenbaker served the City of Virginia Beach as an occupational safety professional for over 30 years. Both Chuck or Dwight will be the primary instructors for all of the HRUHCA safety classes.

### Class Size, Cost of Class, What's Included' & Special Classes and Group Discounts

We currently teach the basic and intermediate courses. Minimum class size is 8. Maximum class size is 20.

The course fees are as follows:

#### Basic WZTCT Work Zone Training:

HRUHCA Member Price:	\$220.00/student
Non-Member Price:	\$250.00/student

#### Intermediate WZTCT Work Zone Training:

HRUHCA Member-Price	\$360.00/student
Non-Member Price	\$390.00/student

#### NOTE

1) Class price includes donuts and coffee, lunch, course materials, laminated certificate of completion, and VDOT certification card.

2) HRUHCA offers a 10% discount if you bring 5 or more people to our classes. We are very flexible and can offer you “quick” classes and and we can offer special pricing if you want to hold a large class at your facility. Call Jim for more details and special pricing and large group classes.

### How To Register

HRUHCA registers all classes on our website, [www.hruhca.com](http://www.hruhca.com). Go to the upcoming events section on our home page and click on the link that will take you to the registration site of the class that you are interested. We will send you a confirming email or fax to acknowledge that we have received your registration.

### Payment

HRUHCA member firms can request billing. Non-members can bring a company check to the first day of the training or can pay with corporate credit cards. HRUHCA accepts Master Card, or VISA.
