95 Express Lanes
FREDERICKSBURG EXTENSION

Visit ExpressLanes.com for more information
Key Project Benefits.

**ADDs Capacity on I-95**
The new Express Lanes will provide 66% more capacity during peak periods and will move 30% more people and 23% more vehicles compared to today’s condition.¹

**Improves Travel on the Regular Lanes**
Fred Ex will reduce congestion in the region, providing time savings to the regular lanes. The 95 Express Lanes have reduced travel times on the regular lanes by 14%.²

**Creates Jobs and Economic Development**
Construction of the project estimated to create over 9,000 jobs and generate over $1 billion in economic activity.

**$0 Public Subsidy**
Project funded by Transurban without the use of state dollars.

**Provides Funding for Additional Corridor Improvements**
Transurban will provide $277 million to the Commonwealth to fund critical transportation projects in the corridor, such as the northbound Rappahannock River Crossing Project.

**New HOV and Transit Options**
The project will create an additional 10 miles of new HOV and transit options improving travel times for carpoolers, sluggers, and bus riders.

**Enhances Quantico Access**
Two new flyover ramps will provide faster and easier access for more than 28,000 people working in Quantico and at the Quantico Marine Base. The project will also create several other new access points, providing new travel options for drivers.

Whether you’re traveling the I-95 corridor as part of your commute or headed to the beach for vacation, the 95 Express Lanes Fredericksburg Extension will get you there faster and safer. The project, known simply as Fred Ex, is scheduled to open in 2022 and will extend the 95 Express Lanes another 10 miles south to right near Fredericksburg.

Fred Ex will pick up where the 95 Express Lanes currently end, just past Route 610 in Stafford County, and extend to near Route 17. When Fred Ex is wrapped up, it will join the existing network, creating an uninterrupted Express Lanes corridor between the Potomac and Rappahannock Rivers.

**Growing the Express Lanes network to bring benefits throughout the region**

**Opening in late 2022**

**84%**

Express Lanes frequent toll paying customers support extending the Lanes to Fredericksburg³

“I am committed to ensuring that the Fredericksburg region remains one of the best places in the Commonwealth to grow up, get a job or start a business, and raise a family. In order to maintain that status, we must work together to unlock the congestion in our region and that is why I support the extension of the Express Lanes south to Fredericksburg.”

Senator Bryce Reeves
Virginia State Senate, District 17

“I am committed to ensuring that the Fredericksburg region remains one of the best places in the Commonwealth to grow up, get a job or start a business, and raise a family. In order to maintain that status, we must work together to unlock the congestion in our region and that is why I support the extension of the Express Lanes south to Fredericksburg.”

Former Speaker Bill Howell
Virginia House of Delegates, District 28 (Retired)

“Transportation is not only important to the economic vitality of our region but to the quality of life for all of us who call the Fredericksburg area home. Extending the I-95 Express Lanes south to Fredericksburg will create billions in economic development and improve the quality of life for millions in the region for years to come.”

Charles McDaniel
Chairman Hilldrup Companies Inc.
Fred Ex Community Grant Program

Transurban is committed to our customers, our community and to providing new travel choices and congestion relief with the Express Lanes. We strive to be good neighbors and long-term partners in the region.

The Fred Ex Community Grant program underscores our commitment to community by investing in local projects. Multiple grants will be awarded each quarter to non-profit organizations in the following categories:

- **ENVIRONMENT** projects that enhance or protect the environment
- **COMMUNITY** projects that support the health, economic development or well-being of communities
- **SAFETY** projects that support safety initiatives

We encourage you to see if your local organization, or one you know, is eligible by visiting [https://www.expresslanes.com/about#community-grant-programs](https://www.expresslanes.com/about#community-grant-programs).

To schedule a project briefing or for any questions, contact Brent McKenzie at 571-326-5609 or bmckenzie@transurban.com.
