Design Public Hearing

## Route 658 (Mount Olive Road/Green Bay Road) North Anna River Bridge Replacement, Spotsylvania County

Thursday, October 6, 2016, 5-7 p.m.  
The Partlow Ruritan Club  
3229 Partlow Road  
Partlow, VA 22534

## Public Meeting

Welcome to the Virginia Department of Transportation's (VDOT) design public hearing on the Bridge Replacement over the North Anna River in Spotsylvania County.

This design public hearing is being held to provide an opportunity for citizens or organizations to provide VDOT comments and/or suggestions on the proposed project. VDOT strives to ensure that all members of the community have the opportunity to participate in public decisions on transportation projects and programs affecting them.

VDOT representatives are present to discuss the project and answer your questions.

A comment sheet is included in this meeting handout and your input is encouraged. All verbal and written comments received on this project will be included in a transcript for review by VDOT personnel, citizens and other interested parties.

VDOT staff will address questions and concerns raised as a result of this meeting before the project is presented to VDOT's Project Development Engineer for approval.

## Project Overview

**Cost** - \$2,548,518

**Purpose** – Bridge Replacement on Route 658 over the North Anna River

**Improvements** – Full bridge replacement with added width and improvements to roadway approach, drainage and safety features.

State Project – 0658-088-284, P101, RW201, C501, B629, UPC 81501  
Federal Project: BR-088-6(021), BR-088-6(022), BR-088-6(023)

## PROJECT DESCRIPTION

This project will replace the bridge on Route 658 over the North Anna River. The roadway approach modifications will include improvements to drainage and safety features on both the Spotsylvania County (Mount Olive Road) and the Hanover County (Green Bay Road) side.

Improvements will include:

- Bridge replacement consisting of two - 9 foot travel lanes with one foot shoulders
- Associated roadway and drainage improvements
- Guardrail installation

This project will be constructed in accordance with VDOT's current road and bridge specifications to comply with federal and state regulations pertaining to public welfare and safety.

The construction will be performed while maintaining the current detour.

After the project is complete, VDOT will continue to maintain the road.

## Project Graphic

## Estimated Project Cost

Total Project Cost: **\$2,548,518**

Engineering of Roadway & Bridge Plans: \$549,202

Right of Way: \$55,906

Construction: \$1,943,410

## Civil Rights

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964. If you need more information or special assistance for persons with disabilities or limited English proficiency, contact VDOT's Civil Rights Division at 540-899-4288, TTY/TDD 711.

## Right of Way

The construction of this project will not require any displacement of families, businesses or non-profit organizations.

As we further develop and finalize this project, additional easements for utility relocation may be required beyond the proposed right of way shown on the public hearing plans. The property owners will be informed of the exact location of the easements during the right of way acquisition process and prior to construction.

Information about right of way acquisition is discussed in VDOT's brochure entitled "Right of Way and Utilities: A Guide for Property Owners and Tenants." Copies of this booklet are available from a VDOT right of way agent. After this meeting, information regarding right of way may be obtained from the right of way contact listed on the back of this brochure.

## Anticipated Schedule

**The following schedule has been proposed:**

**Design Public Hearing** – October 6, 2016

**Comment Period** – October 6, 2016 – October 17, 2016

**Right of Way** – May 2017

**Advertisement for Construction** – March 2018

## Environmental Review

VDOT's Fredericksburg District Environmental Office has performed environmental reviews and coordination to obtain information about environmental resources in the project vicinity; to provide natural and historic resource agencies an opportunity to review and comment on the project during its development; and to identify opportunities for avoidance, minimization and mitigation of potential environmental impacts.

The National Environmental Policy Act (NEPA) is applicable to this project and a Programmatic Categorical Exclusion has been developed in cooperation with the Federal Highway Administration and in accordance with federal guidelines. The NEPA document includes information from various technical reviews including those related to natural resources, water quality, threatened and endangered species, air quality, noise, etc. In compliance with the National Historic Preservation Act, Section 106 and 36 CFR Part 800, information concerning the potential effects of the proposed project on properties listed in or eligible for listing in the National Register of Historic Places is also provided in the environmental documentation.

The project will continue to be coordinated with the appropriate federal, state, and local agencies as part of the environmental review and approval processes required throughout project development and construction. All required environmental clearances and permits will be obtained prior to commencement of construction. Strict compliance with all environmental conditions and commitments resulting from regulatory approvals, and implementation of VDOT's specifications and standard best management practices will protect the environment during construction.

Representatives from VDOT's Environmental section are available to answer questions.
