CULTURAL RESOURCES

Section 106 of the National Historic Preservation Act of 1966 (as amended through 1992) requires federal agencies, such as the Corps of Engineers (COE), to take into account how their projects will affect historic properties (properties listed in or eligible for the National Register of Historic Places [NRHP]). The regulation, 36 CFR Part 800, which implements Section 106 requires public participation if a NRHP-listed or NRHP-eligible property will be affected by a federally funded, licensed, or permitted project.

Therefore, the COE, along with the Virginia Department of Transportation, is seeking your participation and your comments concerning our efforts to identify historic properties and avoid effects to historic properties. If you wish to provide us with your comments about historic resources within the project’s area of potential effect, you may do so below.

Has the information provided at this hearing answered your questions concerning historic resources? Yes _____ No ____ If No, please explain:
