

Fraleley Boulevard Widening Town of Dumfries/Prince William County

Environmental Document Available for Review

This project will widen about two miles of Fraley Boulevard (Route 1) to three lanes in each direction with a raised median between Bradys Hill Road and Route 234 (Dumfries Road). The project will also construct a shared-use path and sidewalk along the new Fraley Boulevard alignment, and reconstruct and widen the Fraley Boulevard bridge over Quantico Creek.

In compliance with the National Environmental Policy Act (NEPA) and 23 CFR Part 771, an Environmental Assessment (EA) was finalized and a Finding of No Significant Impact (FONSI) was issued by the Federal Highway Administration (FHWA) on March 19, 2007. This EA covered an 11.4-mile corridor along Route 1 from the Stafford County line to Route 123 and is referred to as Project A. Phases of the Project A study are being constructed as funding becomes available.

Pursuant to 23 CFR 771.129(c), a NEPA Reevaluation was conducted to determine what effects any changes in the project design, laws and regulations or the affected environment might have on the validity of the approved 2007 EA/FONSI. Also, in accordance with 23 CFR 774, notice is given of the FHWA's intent to issue a Section 4(f) *de minimis* impact finding with respect to the project's use of Cecil W. Garrison Park. The environmental document is available for public review on the project website (www.virginiadot.org/projects) or during business hours at VDOT's Northern Virginia District Office, 4975 Alliance Drive, Fairfax, VA 22030 and the Town of Dumfries John Wilmer Porter Building, 17739 Main Street, Suite 200, Dumfries, VA 22026. Please call ahead at 703-259-2597 or TTY/TDD 711 to ensure appropriate personnel are available to answer your questions.

Submit your written comments by **August 12, 2019** to Mr. Thomas Wasaff at the address above or by e-mail to Thomas.Wasaff@VDOT.virginia.gov. Please reference "Fraleley Boulevard Widening Environmental Document" in the subject line.
