The regulations implementing Section 106 of the National Historic Preservation Act define an effect as an "alteration to the characteristics of a historic property qualifying it for inclusion in or eligibility for the National Register" [36CFR800.16(i)]. The effect is adverse when the alteration of a qualifying characteristic occurs in a "manner that would diminish the integrity of the property's location, design, setting, materials, workmanship, feeling, or association" [36CFR800.5(a)].

Does the project have the potential to affect historic properties, should they be present? No

Are historic properties present in the Area of Potential Effects? No

Effects Matrix No properties have been added.

VDOT Effect Determination: NO EFFECT

Explanation of Effect Determination: Project effects are limited to a bridge less than 50 years old and adjacent right of way, which has been previously disturbed and does not contain any archaeological sites or battlefields recorded in the DSS (for Civil War battlefields use ABPP proposed NRHP boundaries if available).

Report this determination to VDHR in accordance with the efficiencies of quarterly reporting provided by Stipulation 2 of the 1999 Programmatic Agreement between VDOT and VDHR for determinations of No Effect? Yes
