## Public Information Meeting Interstate 81 at Exit 150 Improvement Project

Thursday, November 20, 2014, 5:00 – 7:00 p.m.  
Lord Botetourt High School  
1435 Roanoke Road  
Daleville, VA

Presentation Times: 5:15 p.m. and 6:15 p.m., Auditorium

### Public Meeting

#### Welcome to the Virginia Department of Transportation's (VDOT) Public Meeting on the Interstate 81 Exit 150 Improvement Project in Botetourt County.

This public meeting is being held to provide an opportunity for any person, acting on his/her own belief or representing a group or governing agency, to ask questions and learn more information about the project as it enters into the construction phases.

A formal presentation will take place in the auditorium at 5:15 p.m. and 6:15 p.m. From 5 to 7 p.m. and following each presentation, VDOT representatives will be in the cafeteria to answer questions and displays and video simulations will be available for viewing.

### Civil Rights

VDOT strives to ensure that all members of the community are given the opportunity to participate in public decisions on transportation projects and programs affecting them.

VDOT representatives are present to discuss the project and answer your questions.

A website for the project has been established and will be updated throughout the phases of construction. The website address is:

<http://www.virginiadot.org/I81Exit150project>

## Project Overview

Aerial view of Route 11/220/220A Alternate and I-81 at Exit 150

**Cost** – Approximately \$46.75 million

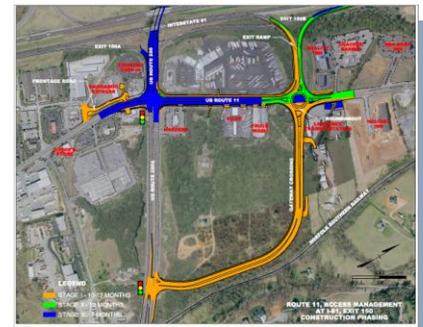

**Purpose** – To improve safety and capacity of the existing Route 11/220/220A intersection in conjunction with the interchange.

**From** – 0.15 mile north of Route 1039 on Route 220 Alternate (at Norfolk Southern railroad)

**To** – 0.50 mile south of Route 653 on Route 220

**Total length** – 1.65 miles

**Improvements** – Increase Safety and capacity using new design improvements and access management.

# PROJECT DESCRIPTION

The primary purpose of this project is to increase safety and traffic flow using new design criteria and access management at the existing Route 11/220/220 Alternate intersection and on the northbound traffic movements to and from Interstate 81 at this intersection. The improvement project entails the following:

- Relocating the northbound I-81 entrance ramp (from northbound Route 220 onto northbound I-81) to a new location adjacent to the Exit 150B off-ramp
- Creating a dedicated Exit 150B off-ramp with NB Route 220 to improve traffic flow at the Route 11/220/220A intersection
- Modifying Exit 150A to allow right turns onto Route 11 southbound only and eliminating hazardous merge/weaves
- Constructing a roundabout at the Exit150B/Route 11 intersection to improve traffic flow, enhance safety and increase capacity
- Building a new road, Gateway Crossing, to connect the new Route 11 roundabout to Route 220 Alternate
- Modifying business access on Route 11 by installing a raised median and reducing the number of entrances
- Modifying the entrances onto Route 11 as right-in/right-out only
- Acquiring the Travel Center America property and a portion of the Painter parcel which contains the business tenant known as Gene’s Trading Post is being acquired which necessitates the relocation of this business.

## VDOT Virginia Department of Transportation Stage I Phases and Impacts Route 11, 220, 220A Access Management Project At I-81, Exit 150

- Construction of the new intersection of Gateway Crossing with Route 220A to include turn lanes and a traffic signal.
- Construction of Gateway Crossing.
- Construction of the majority of the new 150B Exit Ramp and widening along Rte. 11 and construction of approximately half of the roundabout and a new NB Rte. 11 right turn lane.
- Construction of a new frontage road adjacent to the Kangaroo Express along Rte. 11.

## VDOT Virginia Department of Transportation Stage II Phases and Impacts Route 11, 220, 220A Access Management Project At I-81, Exit 150

- Gateway Crossing and new intersection with Rte. 220A open to traffic.
- Construction of the remainder of the 150B Exit Ramp and construction of the majority of the 150B Entrance Ramp. Minimal widening along Rte. 11 to include construction of approximately half of the roundabout. Rte. 11 closed to through traffic (3-4 month duration).

## VDOT Virginia Department of Transportation Stage III Phases and Impacts Route 11, 220, 220A Access Management Project At I-81, Exit 150

- Construction of the new 150A Exit Ramp and widening along Rte. 220 to accommodate an additional NB lane from the Rte. 11 intersection to the I-81 SB Entrance Ramp.
- Completion of the construction of the roundabout. Construction of the median along Rte. 11 between the Rte. 11/220/220A intersection and the roundabout.
- Mill and overlay Rte. 11, 220, and 220A.
