U.S. 58 ARTERIAL PRESERVATION PLAN

WELCOME

U.S. 58 Arterial Preservation Plan
Public Information Meeting

Purpose of Study

To preserve and enhance the vehicle capacity and safety of the Commonwealth’s Arterial Preservation Network, while accommodating economic development and avoiding wide-scale road widenings.

Develop a Corridor Transportation Plan

• Result in a safer arterial highway system
• Preserve and enhance corridor capacity and efficiency
• Maintain Commonwealth’s mobility and economic competitiveness
• Lower long-term infrastructure capital and maintenance costs

Study Area
