VDOT is considering improvements to the I-64 corridor between I-95 in the city of Richmond and I-664 in the city of Hampton. The study has now reached the alternative development phase and your input continues to be valuable to the study team. Please answer the following questions to assist us in moving forward with this study.

1. Do you feel there is need to improve I-64 between Richmond and Hampton?
   - Yes
   - No

   If no, please explain:
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

2. What area along the I-64 peninsula corridor is your biggest concern? __________________________

   Why?
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

3. What concepts for improvements within the I-64 corridor do your like best? (You can choose more than one)
   - TSM/TDM
   - New general travel lanes
   - New managed (HOV, HOT, or ETL) lanes
   - Full toll lanes

4. Do you use the existing HOV lanes in the eastern portion of the corridor?
   - Yes
   - No

   Would you use managed lanes (HOV, HOT, or ETL) if they were put in place?
   - Yes
   - No

   If no, please explain:
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

5. Do you feel the appropriate environmental and community issues are being studied?
   - Yes
   - No

   If not, what else would you like the study team to evaluate?
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

(Continued on the back)
6. How useful did you find the displays for understanding the study?

7. What other information would you like to know?

Please provide any additional comments you would like the Study Team to have.

Please provide your name and address (optional)

Name: ____________________________  Email: ____________________________
Address: ____________________________  Phone: ____________________________

Please complete the form and place it in the box provided or mail the form to the following address before **May 31, 2012**.
