ROUTE 58 CROSSOVER TO CLOSE NEXT WEEK AS WORK CONTINUES AT THE COURTLAND INTERCHANGE PROJECT

SOUTHAMPTON COUNTY – Starting Monday, December 4, crews are planning to temporarily close the crossover in front of the 7-Eleven located at 27414 Route 58 (Southampton Parkway) in Courtland. The closure is expected to last through the morning of Friday, December 8.

During the closure, motorists headed west on Southampton Parkway must make a U-turn at the intersection with Jerusalem Road (Business 58) if they wish to access businesses along the eastbound stretch of Southampton Parkway. Motorists leaving businesses along the eastbound side of Southampton Parkway will use an adjacent crossover to head in the westbound direction.

The purpose of this Courtland Interchange Project is to eliminate the existing signalized intersection at Routes 58 and 58 Business, in Courtland. The expected completion date is December 2018.
