

## **I-64/I-264 Interchange Improvements Project Phase I**

**Community Stakeholder Information Meeting  
November 3, 2016**

# I-64/I-264 Interchange Current Conditions

- Heavy traffic volumes
- High crash rates
- Varying speeds
- Poor geometry

# I-64/I-264 Interchange Improvements

## Project Overview

The purpose of the project is to address deficiencies in safety, capacity and geometry of the current I-64WB to I-264EB ramp.

# I-64/I-264 Interchange Improvements Project Features

- Located in the City of Norfolk and City of Virginia Beach
- 2.2 miles of interstate improvements
- Widen WB I-64 between Twin Bridges and I-264 interchange
- New two-lane flyover ramp from WB I-64 to existing EB I-264 CD Road
- New two-lane EB I-264 CD Road
- New exit ramp from WB I-64 to new EB I-264 CD Road

# I-64/I-264 Interchange Improvements Project Budget

- Design and Development \$10.1 million
- Right of Way & Utilities \$11.6 million
- Construction \$137.0 million
- Total \$158.7 million

Funding provided by the Hampton Roads Transportation Accountability Commission, Federal Highway Administration and the Commonwealth of Virginia.

# I-64/I-264 Interchange Improvements Construction Schedule

Contract awarded:	September 2016
Construction begins:	November 2016
Construction complete:	October 2019

## Preliminary construction schedule (next 90 days)

- November: Survey work, utility relocation, erosion and sediment control, equipment staging, clearing and grubbing, begin box culvert installation
- Late December: Install barrier wall on I-64 west
- Early February: Demolish noise barriers on I-64 west

# I-64/I-264 Interchange Improvements

## Traffic Impacts

### I-64/I-264 and associated ramps:

- Scheduled off-peak construction activities
- Reduced speed in construction areas

### Curlew Drive:

- Closure at I-64 overpass during overhead bridge construction

### Kempsville Road:

- Off-peak overhead bridge construction activities

### Pleasant Point Drive:

- Intermittent closures/flagging, sewer/water
