Address (optional):

With this project, VDOT proposes to construct a 2.3-mile extension of Berkmar Drive (Route 1403) running north from Hilton Heights Road to Towncenter Drive in Albemarle County. The Berkmar Drive Extension will be a two-lane roadway built on a four-lane right of way to allow for possible future expansion. It will include bicycle and pedestrian facilities as well as a new bridge spanning the South Fork Rivanna River and Rio Mills Road.

Do you believe that the project design presented tonight will provide an adequate alternative to Route 29 for local traffic? For through traffic?

How will this road affect your daily travels?

The project includes a bridge and a paved multi-use path spanning the South Fork Rivanna River and Rio Mills Road. Do you support some type of nighttime illumination on the bridge and multi-use path?

Please provide us with any additional information that you believe will assist in further development of the design of this project:

How did you hear about this meeting (check all that apply)?
