The **2019 Supplement to the 2016 VDOT Road and Bridge Specifications** was added to all Contracts with the **First February 2018 Advertisement (February 13, 2018)** as follows:

*The **2019 Supplement to the 2016 VDOT Road and Bridge Specifications** is effective February 1, 2019 and will become part of all Contracts. Beginning with the First February 2018 Advertisement (February 12, 2019) and continuing with Advertisements that follow, the following will apply:*

Do not include the Supplemental Specifications below in the "Bid Proposal and Contract" document assembly.

The Supplemental Specifications below were developed after the 2019 Supplement to the 2016 VDOT Road and Bridge Specifications was assembled. They are to be added to the "Bid Proposal and Contract" document assembly where applicable.

RENUMBERED SPECIFICATIONS:

=====RENUMBERED SPCNs and SPs=====			
<p>Beginning with the first February 2019 advertisement, some SPCNs and SPs will be renumbered to accommodate Design-Build specification versions. This table lists the crosswalk of the former number to the renumbered SPCN/SP. The former SPCN/SP number will be shown below the title in this list and in the SPCN/SP itself for one year:</p> <ul style="list-style-type: none"> • Column "A" contains the former SPCN and SP numbers appearing in "<u>Pick Lists</u>" prior to the February 2019 Pick List. • Column "B" contains the new SPCN and SP numbers appearing in "<u>Pick Lists</u>" after the February 2019 Pick List. <p>NOTE: The SPCNs and SPs in Column "A" <u>DO NOT</u> have to be replaced with those in Column "B" for Proposals already assembled. Both documents read the same. Only the Spec No. was changed.</p>

The 2018 Supplement to the 2016 VDOT Road and Bridge Specifications was added to all Contracts with the First February 2018 Advertisement (February 13, 2018) as follows:

The 2018 Supplement to the 2016 VDOT Road and Bridge Specifications is effective February 1, 2018 and will become part of all Contracts. Beginning with the First February 2018 Advertisement (February 13, 2018) and continuing with Advertisements that follow, the following will apply:

Do not include the Supplemental Specifications below in the "Bid Proposal and Contract" document assembly.

The Supplemental Specifications below were developed after the 2018 Supplement to the 2016 VDOT Road and Bridge Specifications was assembled. They are to be added to the "Bid Proposal and Contract" document assembly where applicable.
