Trips between Prince William and Loudoun counties are forecasted to nearly double by 2040.

Find out about how the Bi-County Parkway, a planned 10-mile, four-lane highway, is intended to reduce north-south congestion, improve safety and better link communities.

Stop by between 6:00 p.m. and 9:00 p.m. to view displays and learn more about the project. VDOT staff will be available to answer your questions. Citizens are invited to review and discuss:

- Commitments contained in a draft Programmatic Agreement, prepared pursuant to Section 106 of the National Historic Preservation Act, to account for the effects of the proposed project on historic properties; and
- The draft reevaluation of the Draft Environmental Impact Statement (DEIS) that was approved in 2005.
