

Martinsville Southern Connector Study Route 220 Draft Environmental Impact Statement

Governor Declares State of Emergency: Martinsville Southern Connector Study Public Hearing Postponed

On March 12, Governor Northam declared a state of emergency for Virginia because of the the coronavirus (COVID-19) pandemic. To adhere with the Governor's orders, VDOT is postponing the Martinsville Southern Connector Study Public Hearing on the Draft Environmental Impact Statement (EIS) that was originally scheduled for March 26 at Drewry Mason Elementary School.

In the interest of public safety, VDOT is exploring options to solicit input and will continue to provide updates as they become available. In the meantime, the Draft EIS, supporting technical documents and public hearing materials are available online. VDOT may also extend the comment period for the Draft EIS accordingly.
